## SUMMARY

Experienced Mobile App Developer with 3.5 years of expertise in **Flutter**, **React Native**, and **Nest.js**, specializing in high-performance applications and seamless API integrations. Proficient in native Android (**Kotlin**) and iOS (**Swift**) for platform-specific enhancements. Passionate about user-centric solutions and scalable architectures. Seeking opportunities to drive innovation as Flutter Developer.

## SKILLS

**Skills:** Frameworks/languages (**Flutter**, **React Native**, **Nest.js**, **Dart**, **TypeScript**), State Management (**Provider**, **Riverpod**, **Bloc**, **Redux**, **GetX**), Integrations (**RESTful APIs**, **GraphQL**, **Firebase**, **websockets**), Database (**Hive**, **Firebase Firestore**, **MongoDB**), CI/CD (**GitHub Actions**), Version Control (**Git**, **GitHub**), Collaboration (**Agile/Scrum**)

## WORK EXPERIENCE

### Mobile Application Developer | XISLABS | October 2021 - December 2024 | Lahore, Pakistan

- Developed **10+** cross-platform mobile apps using Flutter & React Native, ensuring **95%+** user retention.
- Built native Android (**Kotlin**) and iOS (**Swift**) modules, enhancing platform-specific features.
- Designed and integrated RESTful APIs & WebSockets, **reducing API response time by 50%**.
- Led a team of 3 developers, ensuring **100%** on-time project deliveries using **Agile** methodologies.
- Optimized app performance, **reducing load times by 40%** and **improving FPS** for smooth animations.
- Integrated **third-party services** (maps, payments, chat, analytics) to enhance app functionality.

### Freelance Mobile Application Developer | Fiverr | March 2023 - Present | Remote

- Developed several Flutter apps, ensuring smooth performance and **UI/UX**.
- Delivered a tenant agreement app for a Malaysian client, improving contract management.
- Maintained a **4.8**-star rating with a success score of **4** on Fiverr.
- Integrated payment gateways like Stripe for seamless payments.
- Optimized app performance, reducing API response time by 50% and load times by **40%**.
  - Implemented push notifications and real-time updates, boosting user engagement by **35%**.
