SUMMARY

Full Stack Developer with 4 years of experience delivering end-to-end mobile and web applications. Proven track record in building applications from concept to production and optimizing system performance. Skilled in client collaboration and agile delivery. Enthusiastic about scalable architecture, clean code practices, and solving real-world business problems.

SKILLS

Front End Languages & Frameworks: Flutter, React-Native, angular js, React js, JavaScript, TypeScript, HTML, CSS, Dart, Python

Back End: Node.js, Nest.js, GraphQL, RESTful APIs

Database: MongoDB, PostgreSQL, MySQL, Firebase Firestore

DevOps & Tools: AWS, Azure, Git, GitHub, GH Actions, Docker, CI/CD, XCode, web design

Soft Skills: excellent verbal communication skills, Attention to Detail, organizational skills

WORK EXPERIENCE

Full Stack Developer | XISLABS | October 2021 - Present

Location: Lahore, Pakistan (Oct 2021 - Dec 2024) | Remote, UAE (Dec 2024 - Present)

- Designed the architecture and full stack setup for XPOS **ERP software**, including mobile apps and web app in **Flutter** and back end in **Nest js. (IOS, Android, Web)**
- Developed a tablet-based **POS** application for Saudi client Fatoraty using **Flutter**, Dashobard on **React.js. (Android, Web)**
- Built TTMik(**10K+ Downloads**) app for a Korean client in **React Native**, delivering a modern UI and efficient application logic. **(IOS & Android)**
- Worked indirectly for **University of Exeter**, developing **Node js** APIs, integrating **third-party services**, and managing **AWS** serverless deployments using a **microservices web architecture**.
- Currently working indirectly for **McLaren**, setting up **Nest js** backend with **Azure** and **Next js** frontend, contributing to the Formula 1 website rebuild and merch store redevelopment.
- Conducted **code reviews**, enforced best practices, and collaborated with cross-functional teams to ensure high-quality, maintainable code.
- Actively participated in **pair programming and Agile ceremonies**, improving team efficiency and project delivery speed. Gained and used **project management skills**
- Tracked tasks and collaborated using **JIRA** in **Agile/Scrum sprints**.

PROJECTS [\(see more\)](#)

- SpotyPharm:** B2B pharmaceutical App
- McLaren:** Store and F1 section rebuild (ongoing)
- XPOS ERP:** All in one **ERP** software for all business
- Find My Spot:** Parking Entry/Exit system using **NFC**
- Fatoraty POS:** Retail & **POS** system App.
- Smart Wedding:** Event Management App
- GenioPay:** Payment & money transfer App.
- TTMIK:** Education & Learning App.

EDUCATION

Bachelor of Science in Computer Science | University Of South Asia, Pakistan | 2020 - 2024

- Modules:** Programming Fundamentals, Data Structures and Algorithms, Operating Systems, Database Systems, Artificial Intelligence, Mobile Application Development, Compiler Design.
- Capstone Project: Parking Management System** - A system with **NFC** card scanning, an admin web platform, and a role-based mobile app for customers and managers.

EXTRACURRICULAR ACTIVITIES

- Brainiac Participant:** Participated in the Brainiac Programming Challenge at the International Conference on **Open Source** in 2022, where I demonstrated my **problem solving** and coding skills in a competitive environment.
